**INSTALLATION INSTRUCTIONS – 100% NEW Alternators  
(Absolutely NO Rebuilt Components)**

Thank you for purchasing this alternator. You can depend upon the reliability and consistency of an alternator that is entirely new, while enjoying the affordability of a rebuilt unit. No longer is there reason for compromise. Each alternator is individually computer-tested prior to leaving the factory.

**Easy one wire hook-up for hard to wire automobiles, trucks, and boats.**

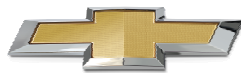

Here is the convenient answer to those hard to solve alternator replacement problems. Just mount this unit so that the pulley rotates, and then run a 10-gauge hot wire from the battery (positive terminal) to the back of the alternator. Make sure you secure the attachment firmly. Dependable regulated 12-volt power that's ready to use.

Attach 10-gauge  
hot wire here,  
and it is ready  
to supply  
electricity.
